CRIME & PUNISHMENT:  
MURDER, MAYHEM & DUNGEONS

**SUMMER 2015** (early July through early August, 4.5 weeks)

Travel back in time to examine London's very public execution of justice. Take an in-depth look at some of London's most notorious crimes and prisons. Learn what swayed England to abolish the Death Penalty after a long history of executions. You will experience firsthand the Tower of London, Old Bailey and the London Dungeon. These sights will be brought to life by examining real criminal cases including Anne Boleyn and William Palmer, the Prince of Poisons.
